Objectives of Research and Development Cell (RDC)

The Research and Development Cell of a college is established to promote research and innovative activities of its Faculty members and students. The main objective of the cell is to Monitor and administer Research and innovative programs for Faculty and Students to undertake quality research and publications. In a globalised world, the role of research in an academic institution is significant for its sustainability and development, and it is imperative to have knowledge-driven growth based on innovation. The quest for knowledge is the basic principle behind research. Without research, advancements that have improved some lives and saved others may not have come to pass.

The Research and Development Cell, Hatichong College is formed to play a vital role for informing faculties and students about intercollegiate research and innovative opportunities and encouraging them to publish original work in leading journals and presenting at Seminar/workshop/conferences etc. The cell will also organize Academic Writing workshops in order to hone writing and analytical skills of the students of Hatichong College

Guidelines for Research and Development Cell (RDC)

1. The Research & Development Cell shall take up various independent project activities with potential donor/ funding partners/ agencies.
2. The Research & Development Cell will be helping and encouraging faculties and Students to organize Seminar, workshop, conference, webinar and write/publish papers, articles etc.
3. The Cell will help the Departments to invite research papers and articles for their college/departmental journals.
4. To organize need based training programme with suitable resource persons.
5. The Cell shall provide research guidance to the research scholars of the college as well as from outside.
6. If any research scholars from the college want an expert advice, guide related to the relevant topic will be arranged by the Cell.
7. The Cell would be communicating regarding various conferences and Seminars to be held state level, nationally and internationally.
8. Internal guides/teachers are motivated to go and take training sessions outside the college with prior consultation to Principal.
9. Research Cell awards the best research work (by students) with a memento and certificate of excellence.
10. Publication of the research work done by the students will be promoted through the Cell.
11. Participants from other institutions are invited to attend training sessions in the college at nominal charges.
12. The members of the Cell may meet regularly for the smooth functioning of the Cell (Minimum 3 meetings in a year is recommended).
13. The financial requirements of the Cell are forwarded to the Principal by the In-charge as and when the need arises.
