

«Student feedback analysis Report-2021-22»

Feedbacks are collected from the final year/semester students by the college to assess the satisfaction of students regarding services provided by the college. Under this system students were asked to fill the printed feedback form by putting tick mark in the right box against each parameter. After a keen observation it is found that about 50% students agreed upon the availability of prescribed books/reading materials in the library while another 50% are not sure. 78% students are satisfied with availability of reading rooms and common rooms. About 70% students are satisfied that Staff and library staff are co-operative. Grievances of the students are redressed timely, campus is eco friendly, and classrooms are clean and well maintained. Most important is that majority students are satisfied with existing teaching learning materials and infrastructure available in the college.
